Friday 12th June, 2015

Dear Parents and Carers,

We have been notified today that a number of Trinity Catholic School students have been diagnosed with Whooping Cough. These students are under the supervision of medical practitioners and are adhering to all relevant recommendations set by the Doctors. If your school-age child is not immunised you will need to make an appointment to see your family Doctor. They will then inform you of the appropriate steps you need to take.

Please refer to the attached fact sheet in relation to Whooping Cough (Pertussis).

If you have any queries or concerns, please do not hesitate to contact me at school.

Yours Sincerely,

Marylou Gorham
Acting Principal
